SUSTAINABLE MEETINGS & SEMINARS

Big ideas with a small ecological footprint.

We recommend an environmentally friendly arrival by train or public transport, as our seminar centre and hotel are only 300 metres (or a four-minute walk) away from the Vienna Central Train Station. For e-cars, four **e-fuelling stations** are available

in the hotel's own underground car park. Catering is provided by our creative kitchen team on site – this saves additional CO² emissions and guarantees fresh preparation of the food. Of course, we cook with **regional and seasonal** ingredients.

Looking for a pick-me-up? Our fully automatic coffee machines in the foyer and seminar rooms grind coffee beans from certified **FAIRTRADE** farms. Our electricity is provided by our **solar power system** on the roof. Furthermore, we purchase green electricity generated by a hydroelectric power plant in Vorarlberg.

PROFESSIONAL MEETINGS ONLINE

Inspire your participants and employees with a professional livestream!

Whether virtual and interactive video conferences, webinars, live workshops, lectures or even online courses – via livestream, your participants can take part from the comfort of their own home using their usual PC or laptop.

Portable video conferencing system

For videoconferences on a smaller scale we also offer portable videoconferencing systems with an ultra-wide 120° field of view and 4K/UHD resolution. That way, you can also hold more private meetings online in our smaller event spaces.
